

# MOTIVATIONAL INTERVIEWING BASICS

Tuesday · January 12, 2021  
12:00 - 1:00 PM CST

VIRTUAL EVENT

Register:

<https://bit.ly/37Qp1ql>

Join us for a workshop about motivational interviewing, a client-centered counseling style which helps clients resolve feelings of ambivalence and make changes in their lives. These feelings could be in relationship to any area of life that is hindering progress, whether in personal relationships, accessing and working toward healthcare goals or major life transitions, like moving into senior housing. Jacqueline will teach you how to participate collaboratively with seniors to move care forward.

**SPEAKER: Jacqueline Boyd**  
Founder, The Care Plan

The Care Plan is the brainchild of Jacqueline Boyd, a long-time aging specialist and LGBTQI advocate. Jacqueline's passion for health and aging started when she was a CNA in college, after which, she spent much of her professional career providing care management services with a private duty caregiving agency.

**THE CARE PLAN**  
HEALTH & AGING SERVICES ON YOUR TERMS

1.0 CE credit will be awarded to Illinois nurses, social workers, professional counselors and licensed nursing home administrators. CEUs will be provided by Elderwerks.
