

CANNABIS IN PALLIATIVE AND HOSPICE CARE

Presented by Rebecca Abraham, RN, BSN
President and Founder, Acute on Chronic

In this talk we will review the endocannabinoid system and popular cannabinoids available for therapeutic use and learn about the available routes of administration. We will discuss how cannabis can help with symptom control and end of life comfort care by reviewing case studies and the latest research. Lastly, we will discuss rules and regulations surrounding medical cannabis, how to obtain a card, how to recognize safe products, and how families and healthcare services can assist with cannabis care.
