

## Board Skills Matrix Assessment Tool

The purpose of this Board skills matrix tool is for you to assess your skills/expertise that you bring to a corporate board to help you articulate your board value proposition. Go through the skills/expertise and rank yourself on a scale of 1 to 3, 3 being the highest level of proficiency (this is where you have expertise). See below in the chart the ranking definitions.

<b>Skills/Expertise</b>	<b>Ranking</b> 1= no proficiency 2= some proficiency 3= expert
