ABOUT WOMEN GET ON BOARD

Mentorship Program

Founded in 2015, [Women Get On Board Inc. \(WGOB\)](#) is a social-purpose company committed to elevating the next generation of women corporate directors. Our mission is to **connect**, **promote** and **empower** women to serve on corporate boards with confidence and courage.

WGOB was selected as a 2023 CWE Gala award winner in the Gender Equality in the Workplace category in recognition of the company's work to elevate women in senior leadership roles and get more women on corporate boards. With more than 900 members across Canada, we are proud to be building the next generation of women in the boardroom, one woman at a time. We believe in the power of three: one woman in the boardroom is a token, two is a presence and three is a voice.

We have seen the power of mentorship affect meaningful, real-world change in advancing gender diversity in the boardroom. That's why we launched the WGOB Mentorship Program to promote women leaders and accelerate their corporate board journey.

The **WGOB Mentorship Program** matches aspiring women corporate directors (Mentees) with accomplished leading and serving women corporate directors (Mentors) to elevate their board effectiveness and advance their board journey to a corporate board seat. The program will provide **Guided Mentoring** and incorporates key learnings from Deborah Rosati's e-book *How to Get Yourself On a Board* and **Peer-to-Peer Networking** for the Mentees.

MENTORSHIP MATCHING SELECTION PROCESS

Registered Mentees were required to complete a Mentee profile, and Mentors were required to complete a Mentor profile. WGOB used best efforts to match Mentees with Mentors based on the information provided.

WOMEN GET ON BOARD INC.**

Deborah Rosati, an award-winning corporate director and entrepreneur, has been defined in three interconnected ways throughout her 35-year career – as a corporate governance champion, catalyst for change and community builder.

As the founder and CEO of [Women Get On Board Inc. \(WGOB\)](#), an 900+ member social-purpose company, Deborah is building a community of the next generation of women corporate directors, advancing equity, diversity & inclusion (EDI), collaboration, courage, and confidence in the boardroom.

In addition, Deborah has led and served on numerous special committees with various mandates (including going public, going private, M&A, restructuring and special investigations).

Mentorship Fundamentals

These mentorship fundamentals FAQs will enable you to take full advantage of the **WGOB Mentorship Program** and assist you in your mentoring relationship!

What is the difference between mentorship and coaching?

It is essential to recognize the difference between mentorship and coaching. Coaches typically work with a learner for a set period to help them develop skills in a specific area. Those skills—and the learning process itself—are defined by the coach.

Mentorship is different. It is a relationship-based experience with specific but wide-ranging goals, and it can last over an extended period. With mentorship, the plans may change, but the Mentee always sets them. The Mentor's role is to support those goals by helping the Mentee build wisdom to apply any situation. The changes that result from mentorship are intrinsic—they come from within the Mentee. ¹

What makes a successful mentoring relationship?

The most robust relationships are built on mutual trust and respect. To ensure the best results, both the Mentor and Mentee should feel safe to be vulnerable, open and honest in their interactions.

Equally important is the match-up of skills and experience. Mentorship succeeds when the Mentor has a pool of expertise that is different and greater than the Mentee's own experience. By sharing new perspectives, Mentors can help Mentees build wisdom, improve confidence, explore their strengths and raise their aspirations.

¹ [What is the Difference Between Mentorship and Coaching?](#)

(Together Inc., 2019)

What are the core skills for a successful Mentor/Mentee relationship?

Successful mentorship relationships require dedicated effort on the part of both parties.

Skilled Mentors exhibit the following qualities:

- **Listen actively:** Stay focused on what your Mentee is saying, and don't make assumptions. To ensure that you understood them correctly, confirm what you heard by asking probing questions.
- **Ask good questions:** Instead of asking closed questions—those that elicit a yes/no answer—ask open questions that allow your Mentee to expand. Asking open-ended questions encourages candid dialogue between the participants in the conversation.
- **Consider body language:** Pay attention to what your body language is saying to your Mentee. Habits such as looking away, crossing your arms, fidgeting or touching your face excessively can send the message that you are distracted.
- **Avoid communications roadblocks:** Be careful about using communications styles that block open communication. Examples include telling the other person what to do or how to behave, giving unsolicited advice or avoiding conflict.
- **Create trust:** Trust is built over time. Consider what you can do to nurture a trusting environment for your Mentee consistently. Small decisions such as selecting a comfortable venue to meet, ensuring that you're on time, and being vulnerable about your own feelings and experiences can make all the difference.²

Rules of Engagement for Your Quarterly Mentoring Sessions

For the best possible experience, Mentors and Mentees should commit to standard meeting etiquette.

- **Session details:** In your initial conversations, determine what times and dates are appropriate for your Quarterly Mentoring Sessions.
- **Preparation:** Before each Quarterly Mentoring Session, agree on your objectives.
- **Wrap Up:** At the end of each conversation, discuss what you will cover in the next session and confirm the date.
- **Review:** Regularly review your goals/objectives to ensure that they are still meeting both of your needs.

We appreciate your support to connect, promote and empower your Mentee on their board journey!

"In order to be a Mentor, and an effective one, one must care. You must care. You don't have to know how many square miles are in Idaho, you don't need to know what is the chemical makeup of chemistry, or of blood or water. Know what you know and care about the person, care about what you know and care about the person you're sharing with."

Network Mapping Tool

Joining a board is about fit and style, and the Board wants to make sure that your style will fit in. To help them decide, think about your network and how you might be connected to any one of the Board members. This is what I call “network mapping.” Use your network to map how you might be connected to members of the Board — the more connections you have to the Board the more comfort they can get on how you will fit in. Don’t be afraid to ask for introductions!

The purpose of this document is to help Board ready women map through their network to explore board opportunities to find the right connections.

Company (the boards you would like to serve on)	Your network (Decision Makers, Connectors, Mentors, Sponsors and organizations)**Refer to next page for Definitions	Action Plan

Network Mapping-Definition of your network

Your Network

To help you map through your network it is important to understand who can help connect you to a board opportunity. Your network can be broken into the following groups:

Decision Makers- these are individuals that will make the final decision on who will join their board. Board members, in particular the Chair of the Board, Chair of the Nominating Committee

Connectors- these are individuals that will connect you to board members, CEOs and Executives of a company you would like to serve on. Examples-Lawyers, Accountants and Other Professional Service firms and Thought leaders. You can refer to my blog: <https://womengetonboard.ca/the-power-of-connection/>

Mentors- these are individuals that inspire others in achieving their best and find joy in encouraging them to make a difference refer to my blog: <https://womengetonboard.ca/the-power-of-mentorship/>

Sponsors- Executive Sponsors inside your company, they are willing to put your name forward for board opportunities. Or they could be individuals you have worked with in the past and they believe in you. When you are looking for a sponsor remember that it is a two way relationship based on mutual respect and trust. You both need to be invested. Your sponsor is putting their name on the line by championing you, so you need to follow through with their advice and work hard to keep your sponsor's good reputation intact.

Refer to my blog the Power of Sponsoring: <https://womengetonboard.ca/the-power-of-sponsorship/>

Organizations-Think about the organizations you are affiliated with, your alma mater, not-for-profits, professional organizations/associations and member-based organizations (like- CPA Canada, CBA, GPC, CFA, etc.) and how you can leverage these organizations.

Network mapping your way onto a board is an ongoing process- that you need to be strategic in connecting to your network. To your networking!
