

# FENCING SINGAPORE COMPETITIONS

## SAFETY MANAGEMENT PLANS

Due to the restrictions of 50 pax cap in Hall 6, we seek everyone's cooperation and understanding to work with us on the safe management measures that we have worked out tirelessly with Sportshub and Sport Singapore.

***Only registered participants, registered officials/referees and coaches will be allowed into OCBC Arena. Due to the pax limitations, we strongly encourage clubs to send only 1 coach pre event for registration.***

### SAFE MANAGEMENT MEASURES

To ensure COVID safe environment, please have the following safety measures in place:

1. Support Contact Tracing & Implement Temperature Screening.
  - a. Use of Tracetgether (SafeEntry), temperature screening and contact tracing by OCBC Arena front counter at level 1
  - b. Fencing Singapore's own temperature screening, declaration and contact tracing station before entering hall 5/6 at basement 1
2. Reduce Physical Interaction and Ensure Safe Distancing.
  - a. Using GlueUp for E-registration to reduce physical interaction
  - b. All payment will be contactless
  - c. Each piste has a separation space of 3 meter apart
3. Crowd Management
  - a. Participants to use GlueUp apps for self-check-in
  - b. Participants who arrived earlier than the given reporting time will be turned away as they are required to report 10 mins before their respective given time
  - c. Results will be released 'live' via Fencing Time (online)
  - d. OCBC Arena Hall 6 has a capacity limit of 50 persons at any one time
  - e. Fencers will be assigned in to pods of 5 and kept to their assigned pods and area throughout competition
  - f. Points of Entry/Exit and flow of traffic have been clearly marked out (see diagram A)
  - g. Rest areas (if activated) have also been clearly marked out, and chairs placed 1m apart
  - h. No socialising or congregating in groups throughout competition
  - i. No parents/supporters are allowed into the competition area and OCBC Arena Lobby

- j. **All fencers have to leave OCBC Arena with their fencing bag after every session and come back to OCBC Arena for the next session to continue with their competition**

#### 4. Wear Masks & Ensure Hygiene

- a. Participants are required to wear face masks when they enter the facility, wearing of face mask is necessary during physical warmup. Once allocated to their competitions area (in maximum group of 5), face mask may be removed just before the fencing bout and worn immediately after the bout. Participants are to stay in their designated competition area and are not allowed to intermingle with other participants not in their competition area.
- b. Hand sanitizers will be placed in close proximity of the facility entrance and high-touch surfaces like door handles

#### 5. Enhance Cleaning Protocols

- a. Allocated time catered for cleaning of piste after each round has ended, e.g after poules and DE 32 etc before proceeding to next round.

#### Before Competition:

- a. Temperature to be taken, and fencers to stay home if temperature is above 38 degrees and/or feeling unwell
- b. Fencers to complete the appropriate screening, declarations, and SafeEntry at both the OCBC Arena security counter, and Fencing Singapore screening station before heading to Hall 5
- c. No sharing of equipment between fencers (Eg. Water bottle, towel, body cord, etc). All personal equipment is to be cleaned before and after competition
- d. Face masks to be worn prior to commencement of competition. Bringing of a spare face mask is encouraged
- e. Fencers to arrive at competition venue dressed in fencing innerwear, such that there is no need for a private changing room
- f. Fencers to follow the flow of traffic and enter their assigned competition area, please see the attached layout (Diagram A) at the end of the document.

#### During Competition:

- a. Safe distancing of at least 2m between fencers
- b. Contact between fencers should be transient and kept to a minimal (Eg. No handshakes, etc)
- c. No food or drink is allowed in the venue, with the exception of plain water brought by the fencer. Plain water may only be consumed at the designated rest areas
- d. Avoid touching your face, eyes, nose and mouth

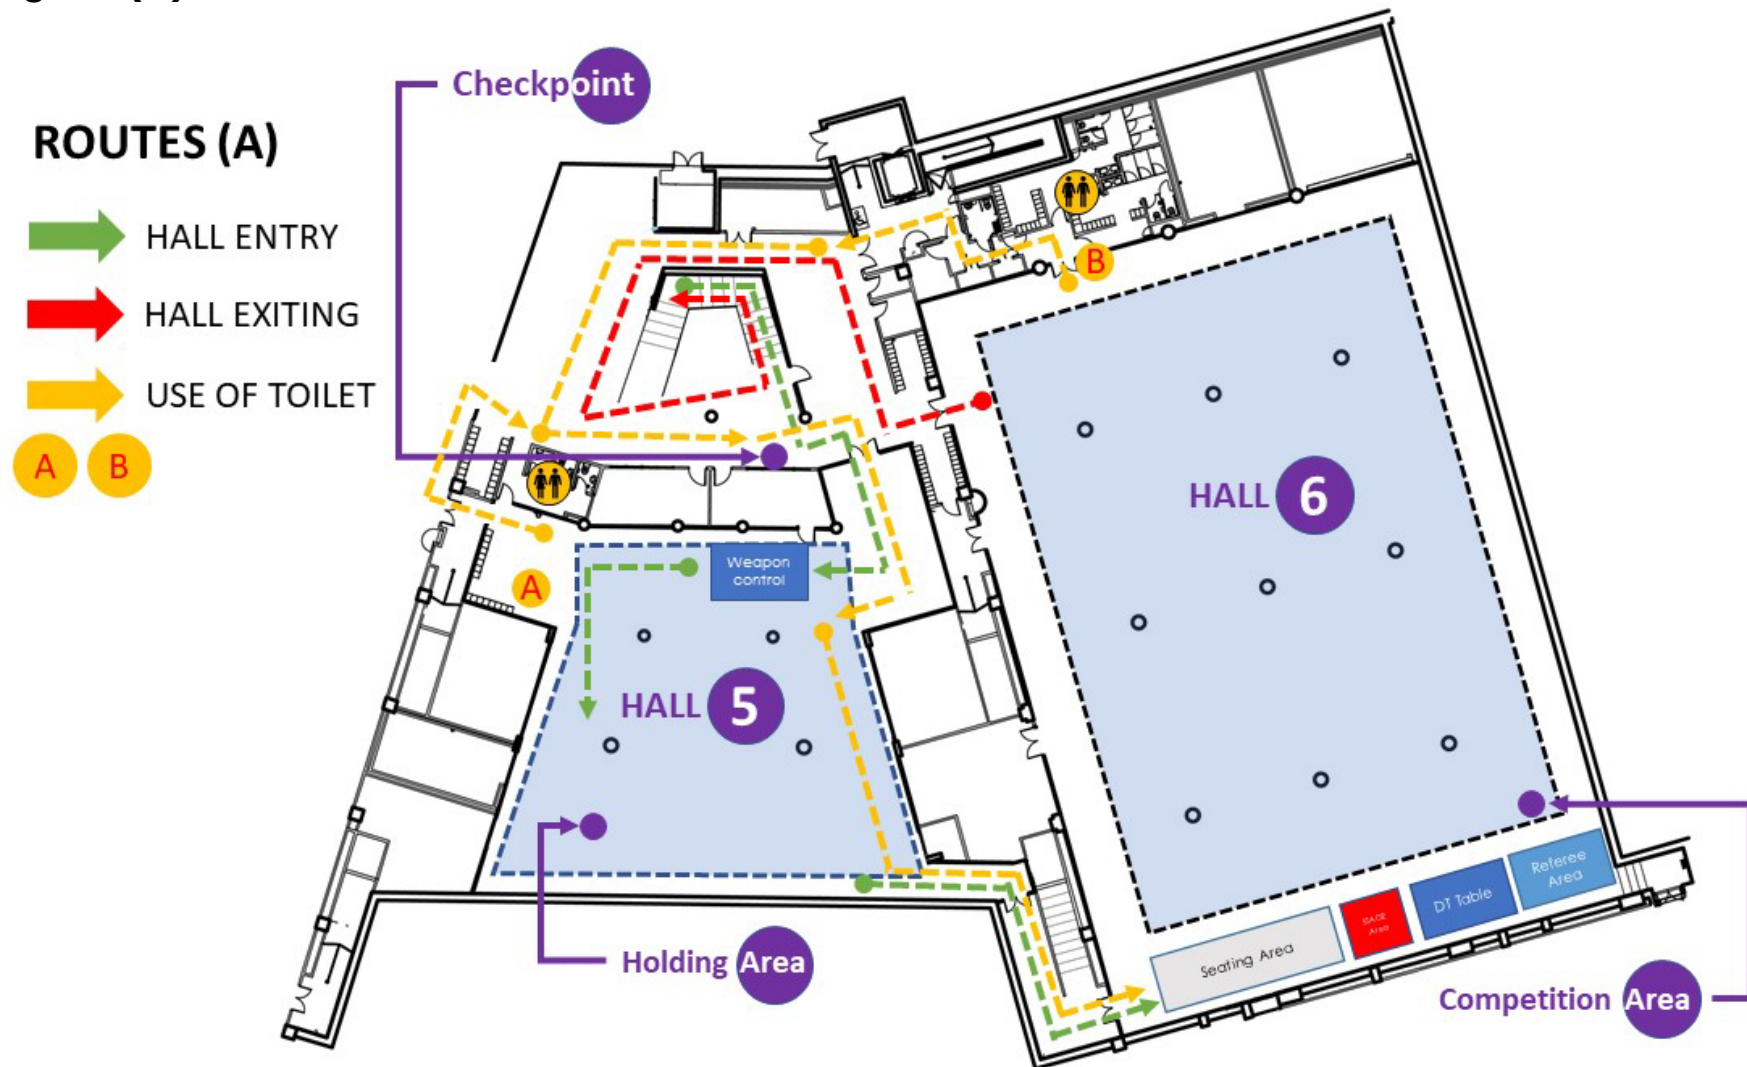

### After Competition:

- a. Equipment to be kept in the fencing bags after competition
- b. Hands to be sanitised
- c. Face masks to be worn after competition
- d. Wash and sanitise all equipment used during competition
- e. Fencers to follow the flow of traffic and leave their assigned competition area via the given route stated, towards the designated exit point

### COVID-19 Response Plan

- a. Stop all events and temporary convert the Storeroom as isolation area, refer to the last Diagram (B) for evacuation route
- b. Inform Singapore Sports Hub to activate the COVID-19 response plan
