LEARNING TRACK

CREATING BUSINESS THROUGH CIRCULAR DESIGN

Join the **CIRCO Learning Track**: an ideal opportunity to kick-start your transition to a more circular way of delivering sustained value and enhancing your competitiveness!

EXPERTS' GUIDANCE

CIRCO allows you to design your circular propositions with a proven method. CIRCO has enabled over 1,400 companies worldwide to take concrete first steps towards creating circular businesses.

FOR WHOM

Manufacturing companies, designers of products or services, and product managers that are developing circular businesses.

HIGHLY COLLABORATIVE

Work together with other companies, all of whom are developing circular businesses. The learning track provides **useful interaction, inspiration** and **opportunities** for (circular) cooperation.

ACTIONABLE & PRACTICAL

You get a **roadmap for implementation**, giving you short-term circular activations, as well as insights into the **positive impact** you can create with your company over the long term.
