

Manroop Ghuman

I am interested in becoming a director with the South Asian Bar Association of British Columbia (SABABC). SABABC has provided me with great networking and mentorship opportunities so now I want to take the time to give back by actively working with SABABC as a director. As a director I want to focus on the growth of women and South Asian lawyers by providing meaningful opportunities to engage young lawyers. I hope to host many events like the women's day event we are hosting this year to encourage South Asian lawyers to get together to discuss their experiences.

As a junior corporate lawyer at Blakes, I am involved in Blakes' Diversity Committee, and the national South Asian Affinity Group and look forward to bringing more SABABC events to Blakes and Blakes' lawyers.
