

Yi THE FUTURE YOUth Conclave 2021 **12 August 2021: Virtual Platform**

Introduction

To sustain and accelerate the engagement of Youth in scripting the future of our country, the development of a robust Youth Leadership platform is imperative. As a movement of youth, CII's Young Indian has been playing a leading role in building a platform for youth engagement across Nation Building, Youth Leadership and Thought Leadership, through its 3600 + members under the age group of 45 from across its 55 city chapters across the country.

It is the below 40 years age group that will constitute over 80% of India's population in the coming 10 years and who want to have a active part in shaping this India of their aspirations. Youth Development & Developing Youth in Tier 3 & Tier 4 cities has been one of the Vision of our Prime Minister's. We at Yi have been passionately committed and relentlessly working towards Developing Youth Leadership through one of our key stakeholders – Yi YUVA across the 55-city chapter network.

Yi THE FUTURE YOUth Conclave 2021 -

The Conclave will be an outcome driven effort for the youth to visualize and voice their imagery for Future of our Nation. Yi The FUTURE Youth Conclave will be conducted simultaneously across all 55 Chapters on Thursday, 12 August 2021. This will culminate with the launch of Yi Utsav for India@75 – a yearlong engagement towards celebrating the Voice & Contribution of the Youth as India turns 75 and beckon India@100.

The FUTURE YOUth Conclave will provide a platform for young minds to converge, co-create and ideate through exciting formats on key aspects which will shape their future, through session focusing on Future of Health – (Incorporating topics like Building Immunity, the importance of Gift an Organ, focus on fitness, etc.), Future of Infrastructure – (Focus on Smart Cities, Digital infrastructure, etc), Future of Travel (The advent of Electric Vehicles, aspects of Road Safety in the future, VR experiences and holidays), Future of Life (The future of relationships, work-life balance), Future of Agriculture, Future of Technology and Future of Education

Yi THE FUTURE YOUth COMMUNIQUE will present an aggregated Youth view summarizing the thoughts and innovative ideas generated through the sessions across the themes by the participating youth at The Future collated from all of Yi's 55 chapters.
