

## Conference Objectives

The conference will:

1. Equip attendees with the knowledge and tools to establish robust data governance frameworks for effective credit and risk management.
2. Foster a collaborative environment for sharing best practices and real-world experiences in data governance implementation.
3. Explore the impact of advanced analytics on credit risk modeling and decision-making.
4. Navigate the evolving regulatory landscape surrounding data privacy and security within the context of credit and risk management. As well as policy and regulatory interventions to strengthen Africa's credit markets.
5. Identify emerging trends and technological advancements shaping the future of data governance in financial institutions.

## Who should attend?

This conference is designed for a wide range of professionals with a vested interest in leveraging data to optimize credit and risk management, including:

Financial services regulators (central banks and policy makers)

Executive directors and chief executive officers

Credit market experts, credit risk managers, data protection officers

Risk management professionals, financial analysts, compliance officers

Cyber security experts and technology vendors

IT professionals with a focus on data management

Executives from financial institutions (banks, credit unions, FinTech, payments, BNPL companies)

Academia, journalists and legal experts

## About CIS Kenya

CIS Kenya Credit Information Sharing Association of Kenya (CIS Kenya) is a member-based Association that brings together lenders, consumers, credit reference bureaus and other interested parties for effective implementation of Credit Information Sharing (CIS) within and outside Kenya. It seeks to be the institution that leads Africa in shaping and transforming the credit markets to achieve sustainable and inclusive growth. CIS Kenya's members are drawn from Commercial and Microfinance Bank sector, credit-only microfinance institutions, SACCOs, leasing companies, debt-collectors and liquidators. The Association is involved in CIS awareness creation, lobbying for legal reforms and capacity building.

SACRRA | CREDIT & RISK REPORTING ASSOCIATION

## About SACRRA

A not-for-profit voluntary industry organisation that plays a central role in South Africa's credit and risk data sharing ecosystem. SACRRA has been facilitating the sharing of consumers' credit and risk information for the past 35 years to the six NCR (National Credit Regulator) registered and authorized credit bureaus on the principle of reciprocity. Other SACRRA members include, but not limited to, telecommunication companies, insurers, debt buyers, subscription service providers, loan system providers and analytical companies.

The NCR Regulation 19(13) prescribes that all credit and data providers must utilise the SACRRA/CBA Central Data Transmission Hub for the submission of all credit information according to a prescribed format; and SACRRA enables the submission of 54 million high quality and standardised records on a monthly basis.

SACRRA: Your partner in ensuring fair and responsible credit and risk data decisions – A legacy of unwavering commitment to an effective working data sharing ecosystem.
