

Conference: Energy Efficiency and Solar for Buildings

The *German-Philippine Chamber of Commerce and Industry* (GPCCI) in cooperation with the *Philippine Energy Efficiency Alliance* (PE2) and the *Cold Chain Association of the Philippines* (CCAP) is conducting a conference on Energy Efficiency and Solar for Buildings on Tuesday, 21st March 2023 from 9 AM to 3 PM at the Gallardo Ballroom of Makati Diamond Residences.

The conference is part of the business delegation in the Philippines from 20-24th March 2023 of five German Companies in the field of Energy Efficiency and Renewable Energy exploring business opportunities in the Philippine market. This project is organized in cooperation with *eclareon GmbH* and is part of the German Energy Solutions Initiative of the *German Federal Ministry for Economic Affairs and Climate Action* (BMWK).

Interested in B2B Meetings with the Delegates?

Please contact Ms. Francisca Gatica at francisca.gatica@gpcci.org

OF GERMAN EXCELLENCE WITH A FILIPINO HEART

German Companies

Ecoligo GmbH

Ecoligo provides a fully financed solar-as-a-service for businesses in emerging markets. With a digital platform for financing and delivering solar projects, ecoligo removes the barriers that prevent such projects from being realized. Ecoligo is fully established in the Philippines and has successfully realized 6 projects with 2.18 MWp.

Geoffrey Galima
Country Manager Philippines
geoffrey.galima@ecoligo.com

Eeaser GmbH

Eeaser accelerates industrial energy efficiency with data driven services. Their software identifies energy saving opportunities and fosters their implementation by providing specialized expertise. Their clients are typically entities which target a group of factories.

Martin Haagen
Founder / CEO
martin.haagen@eeaser.com

Hörmann KG

The Hörmann Group is Europe's leading supplier of doors and gates. They develop and produce high-quality gates, doors, frames, drives, access control and storage space systems for use in private and commercial real estate.

Hendrik Schwartz
Sales Director Asia Pacific
hendrik.schwartz.ibd@hoermann.cn

Mig mbH

Material Innovative Gesellschaft is an awarded key innovator by the European Commission 2020 for an active "low-e" function thin layer insulation system. Mig is a research-oriented manufacturer of advanced building materials offering innovative, climate-friendly solutions to increase the sustainability decarbonization and energy efficiency of buildings.

Jörg-Michael Reuther
Sales Manager
j-m.reuther@mig-mbh.de

SolarNext AG

SolarNext offers thermal cooling systems which produce cooling from heat by using absorption chiller technology. The absorption cooling kits use water as refrigerant and reduce the consumption of electric power by 70% and the global warming potential by over 90%.

Conference Program (as of 28th February 2023)

Tuesday, 21st March 2023	Conference: Energy Efficiency and Solar for Buildings Location: Makati Diamond Residences Function Room: Gallardo Ballroom
9:00 - 9:30 AM	Open Breakfast
9:30 - 9:35 AM	Welcoming Remarks German-Philippine Chamber of Commerce and Industry Christopher Zimmer, Executive Director
9:35 - 9:40 AM	Opening Remarks German Embassy Manila TBC
9:40 - 9:45 AM	Introduction of the German Energy Solutions Initiative eclareon GmbH Kai Unger, Project Manager
	Energy Efficiency from a German Perspective
9:45 - 10:10 AM	German Energy Efficiency Targets and Outlook Federal Office for Building and Regional Planning Dr.-Ing. Olaf Böttcher, Federal Energy Commissioner
10:10 - 10:35 AM	Energy Efficiency of Buildings and Smart Cities in the Tropics inclusive RE Use Technische Hochschule Rosenheim Dr.-Ing. Horst Kreimes, Professor Emeritus
10:35 - 10:45 AM	Q&A
10:45 - 10:55 AM	Coffee Break
	German Company Pitches
11:03 - 11:11 AM	Systems Solutions in Regenerative Heat and Cooling Supply SolarNext AG Frank Molter, CEO
11:11 - 11:19 AM	Thin Insulations and Smart Coatings Mig mbH Jörg-Michael Reuther, Sales Manager
11:19 - 11:27 AM	Fire-rated and Multi-purpose Door Solutions Hörmann KG Hendrik Schwartz, Sales Director Asia Pacific
11:27 - 11:35 AM	Energy Efficiency in Consultancy Eeaser GmbH Martin Haagen, Founder / CEO
11:35 - 11:43 AM	Clean Energy Transition Solutions Ecoligo GmbH Geoffrey Galima, Country Manager Philippines
11:43 - 11:55 AM	Q&A
11:55 - 12:15 AM	Snack Break
	Energy Efficiency Developments of the Philippines
12:15 - 12:35 PM	Energy Efficiency Opportunities in the Philippines Philippine Energy Efficiency Alliance Alexander Ablaza, President
12:35 - 12:55 PM	Energy Efficiency in the Philippines and its Future Prospects Department of Energy Patrick T. Aquino, CESO III, Director IV of the Energy Utilization Management Bureau
12:55 - 13:05 PM	Q&A
13:05 - 13:10 PM	Closing Remarks German-Philippine Chamber of Commerce and Industry Stefan Schnitz, President
13:10 - 15:00 PM	Informal Networking and Lunch
