

TE KAA Elect ONLINE – January 2024

OVERVIEW

Te Kaa Online takes the first four sessions of the Te Kaa In-person programme and breaks them into 8 x 4.5-hour online sessions, run by an experienced Te Kaa facilitator and delivered via Zoom.

This is not a static webinar, it includes facilitation in real time to allow participants to be guided through the learning process and ask questions (and receive responses) as and when they arise.

The Marae experience can be added to this option at the additional cost of NZD \$500 + GST per person.

This option is well suited to people working in the regions who are not able to travel to Auckland to participate in training, and those with less responsibility for driving change within an organisation.

Participants must attend at least 7 of the 8 sessions to complete the programme; and will be provided with a Certificate at the end of the programme.

The table on the next page outlines what will be covered in each session.

| Session | Brief |
|---|---|
| 1: Having fun pronouncing te reo Māori | Attempting to speak another language is daunting, and there can be a real fear of getting it wrong. We create an interactive learning space to help you learn how to pronounce Māori words with confidence |
| 2: Learning mihi mihi and pepeha | In this session we build your own pepeha (a Māori introduction) and learn a variety of openings and closings for speeches. You'll also learn a waiata (song). |
| 3: A Māori Creation Story | We will explore the Māori worldview through an analysis of the creation story, and come to understand how this framework impacts Māori decision making. We will also come to understand Maori social structures and how they have changed over time. |
| 4: Māori Concepts and Values | Words like tikanga, mana, tapu, noa, mauri and wairua are commonplace in NZ society but not well understood. These concepts, and values such as kaitiakitanga and manaakitanga will be explained in a way that will help you identify these concepts in operation and make them your own. |
| 5: The Treaty of Waitangi (Historical) | The Treaty of Waitangi is the founding document of Aotearoa/New Zealand. We will look at the context within which it was created, review some of the motives of the key players involved at the time and understand the differences in the text and interpretation. |
| 6: The Treaty of Waitangi (Contemporary) | We will assess the current post-treaty settlement environment and its impact on business and the economy, discuss bi-culturalism and multiculturalism, exploring how the Treaty relates to you today as an individual and your organisation. |
| 7: Māori today | In this session, we will get an understanding of the aspirations of Māori today, explore how to engage with Māori and come to understand the Māori economy. |
| 8: Whakanui & Wrap Up | The final session will review the learning in each of the previous seven sessions; and ask each participant to talk about their journey on Te Kaa and present a plan for where to from here. |
