

DiscoveryWorkshop

KPDA invites you to discover the investment opportunity for EDGE-certified green buildings. EDGE is a fast, easy and affordable way for the property sector to design and build green.

This free, tailored Discovery Workshop will cover some or all of the following topics:

- Green building definitions.
- Sizing the investment potential.
- Live demo of the EDGE software.
- Incremental cost and ROI for EDGE certified projects.
- Case studies of EDGE certified projects.
- EDGE Experts and EDGE Auditors
- Ways governments can incentivize green construction

IFC works with Professional bodies and other national and regional stakeholders to share awareness about the potential for green buildings. KPDA is collaborating with IFC to offer this free EDGE workshop.

EDGE brings proven solutions to governments, developers, and investors, creating a market where green construction is achievable.

This Workshop is offered for free.

The workshop will be presented by Dennis Quansah, Green Building Lead, Kenya, IFC
Date: 31st May 2023
Time: 9:00am - 12:00noon
Venue: World Bank Group Office, Delter Centre, Upperrhill

Curious who is building and branding their projects green?

The EDGE [Projects page](#) shows how developers around the world are adopting EDGE.

The EDGE [Banks page](#) shares the financial products and innovative institutions who are incentivizing developers and home buyers with EDGE-certified buildings.

The EDGE [Governments page](#) shows public policy incentives for green construction.

Join us and become part of the momentum that is building towards a brighter future with EDGE.
