

## We're revolutionizing the patient access journey

It's simple: without financial assistance and other access services, many patients struggle to afford the care they need. But connecting patients with available assistance is often anything but simple.

We're changing that by delivering innovative solutions, including tech-enabled services, that reduce financial and administrative burdens to improve:

**Access to therapy**

**Time to start on therapy**

**Duration of therapy**

## Our solutions

**AssistPOINT** 

A single enterprise workflow platform that helps provider organizations navigate and manage the patient access journey  
*Including AP Analytics<sup>®</sup>, a full suite of on-demand reports to power data-driven solutions for improving access to care*

**ADPARO** 

Access services cycle management support to help provider organizations reduce the administrative burden across the patient access journey

**APCONNECT** 

A technology-driven solution that digitally integrates patient support programs within the provider workflow

*Add-on feature: AP Exchange*

*An EDI service that streamlines claims facilitation and fulfillment*
