Dear Xiuping,

On behalf of USITO, our parent associations, and the entire USITO community, we would like to thank you for your deep commitment and hard work in 2015 serving as Chair of our Trade and Investment Working Group.

As you are well aware, USITO Working Groups are an important tool for developing our policy advocacy and stakeholder engagement strategies. More than anything, the Trade and Investment Working Group provides us with an important platform for sharing information and developing consensus among our members on key trade and investment related issues affecting our industry.

Recognizing that 2015 has been a very eventful year in our space, and that you have a great many responsibilities, we are especially grateful for the exemplary leadership and insights you provided to the Working Group this past year. Looking back on the past year, you have had a huge contribution to a great many issues, including the export control and ICT government procurement policies.

We are truly very fortunate to have such a knowledgeable and passionate expert, and passionate leader, in our community.

Thank you.

Respectfully,

Matt Roberts
