Quarterly Coaching Conversations

Quarterly goals and accomplishments (Rocks):

Review progress on current Rocks and if “off track” help get back “on track.”

“What’s working” Questions:

- What are you most proud of accomplishing this last quarter?
- What process worked well?
- Do you feel that you are working on things that really matter?
- Do you feel appreciated for the work you do?
- Are expectations between us clear?
- Where can you add even more value to our team?

“What’s not working” Questions:

- Given how things turned out, what could you have done differently?
- When did you recognize there was a problem?
- What action did you take?
- What needs fixing or improvement? What has you frustrated?

Most people join companies and quit their bosses. Your role is to coach, mentor, inspire and engage.
