Sera Helsinki

Sera Helsinki, operating in the handicraft sector since 2016, specializes in creating exquisite handmade woolen carpets and cotton towels crafted from pure ecological raw materials. Their products combine Finnish design with traditional Ethiopian hand craftsmanship, ensuring that their products are produced ethically. Primary mission is to uplift the living standards of artisans, particularly focusing on empowering vulnerable groups in Ethiopia, including people with disabilities and single mothers. To maximize employment opportunities, every aspect of the production process is carried out by hand, aligning with their commitment to ethical and sustainable practices.

**Specific interests in Mongolia:
Yak and cashmere wool,
handicraft groups, especially
employing women, and vulnerable
groups**
