1. Introduction

This section comprises details on the assessment criteria being proposed to administer various award categories. The intent is to keep the questions to a minimum while emphasizing on value articulation, effectiveness and ease of judgment.

2. Criteria

Following are the assessment questions for various award categories for 2024. Please note that the numbers in brackets are weights for each question, summing to a total of 100.

Analysis shall follow a weighted average model based on a 5-point scoring (1 being least, and 5 being highest).
