Thursday, 12 October 2023, The Almanac Palais Vienna

South Eastern Europe Arbitration Conference

Join us in Vienna on 12 October for the inaugural South Eastern Europe Arbitration Conference – “Unlocking The Future Trends in International Arbitration”.

The recent geopolitical shifts have given rise to a number of compelling matters that directly impact international arbitration in the region. How is the energy crisis shaping the regional disputes landscape? Will ISDS remain an effective tool of the dispute resolution in the region? Will climate change trigger new series of the regional disputes? How do the recent changes in local laws and procedures

affect the international arbitration? What are the recent trends in the local arbitral institutions? Prominent arbitration practitioners, scholars and arbitrators will share their views on these and the other topical issues in a beautiful setting of the Almanac Palais Vienna Hotel.
