What makes SS Rice News Convention special?

- **Networking with over 500 delegates** and feedback suggest we are about to grow further. Leading trade houses, key exporters, and attendees from across the global rice supply chain provide our foundation.
- **India is back, trade report card.** India and Pakistan represent the largest supply influences, and these recent weeks have seen Vietnam move in markets to raise their competitive offerings - what next?
- **Special Features – Rice and the environment / Rice and Shipping** – from low carbon rice to high-moisture rice trade claims, and geopolitics, we look at opportunity and risk across the rice market
- **Expanded: World grain markets.** Understand how rice markets fit within the global grain markets, how feed market conditions, can shift the focus
- **MORE – Talent in the Global Rice Market - the lens of a rice broker and what the next generation looks like**
Analysis, discussion opinions, debate - drive your investment into rice market intelligence

SEE YOU SOON IN PATTAYA!
