

REAL INTERVIEWS. REAL JOBS.  
REAL OPPORTUNITIES.

## DRAFT DAY LEADER RESPONSIBILITIES

### ▶ SCHOOL REGISTRATION

Ensure school commitment form is completed, signed, and submitted to [DraftDay@beprobeproud.org](mailto:DraftDay@beprobeproud.org) by the deadline.

### ▶ UNDERCLASSMEN PARTICIPATION IN DRAFT DAY CAREER EXPOS

BPBP strongly encourages underclassmen participation in Draft Day Career Expos. Their participation increases the opportunity for direct and immediate interaction with their interviewing peers before and after interviews. The experiences and outcomes will be communicated peer-to-peer and provide unique opportunity to maximize underclass student interest in future years.

### ▶ STUDENT RECRUITMENT

Students across the academic spectrum should think about attending the Draft Day event in their region. Valedictorians and team captains of all types have powerful influence on their peers – and – as has happened across the state – can see themselves beginning their careers in a technical role. Currently and across the state and nation, these points of entry can and do lead to the President & CEO chair, to new company startups, and opportunities we cannot yet envision.

You are encouraged to recruit students who are leaders in their schools and who are interested in, or plan to enter into technical careers after high school, after a technical certification program, or while doing both. Students must agree to the listed commitments and return a signed permission form by November 15.

### ▶ DRAFT DAY PREP WORKSHOPS

Draft Day preparation is conducted by Draft Day Leaders and takes place on home high school campuses unless coordinated otherwise.

### ▶ UNDERCLASS STUDENT PARTICIPATION IN DRAFT DAY CAREER EXPOS

### ▶ PUBLIC RELATIONS & MARKETING COORDINATION

Distribute Draft Day resources and material to its audiences who receive general school information and announcements.

### ▶ TRANSPORTATION COORDINATION

Coordinator scheduling / reserving necessary busses to move students from home schools to Draft Day Event site.

### ▶ LUNCH COORDINATION

Notify BPBP of lunch needs for students who are at Draft Day during the lunch period.

### ▶ POST-INTERVIEW FOLLOW-UP COORDINATION

Provide all Draft Day participants at the conclusion of Draft Day copies of BPBP-provided resources to help with steps to take after interviews.

### ▶ SCHOOL & STUDENT OUTCOMES REPORTING REQUIREMENT

Participating schools are required to help BPBP measure impact by directing students to report any action taken after Graduation. If no action is taken, BPBP wants to know why.

**Draft Day Events will take place between February and May 2025**
