SHRM Senior Certified Professional (SHRM-SCP):

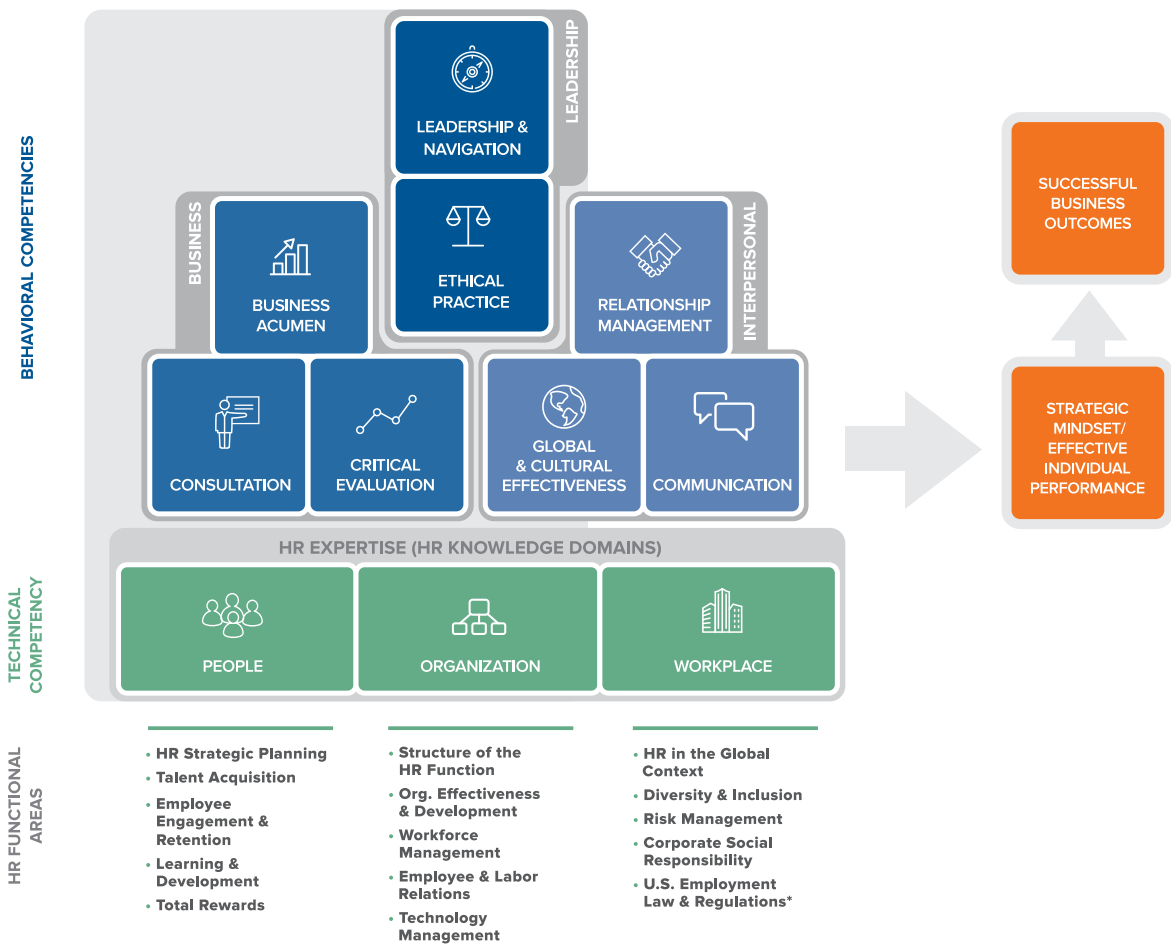

For HR professionals who are engaged in developing strategies, leading the HR function, fostering influence in the community, analysing performance metrics, and aligning HR strategies to organisational goals.

SHRM BoCK™ (Body of Competency and Knowledge)

Meeting the needs of today's new reality in the HR profession

As the leading advocate for HR professionals worldwide, SHRM conducted an intensive research study to define the competencies and knowledge relevant to today's global HR professional. Through these efforts, a clear picture emerged of what is expected of future HR professionals and leaders.

SHRM Body of Competency & Knowledge™

*Applicable only to examinees testing within the U.S.

The HR Business and Management Professional Program

As part of its initiative to strengthen human resource (HR) capabilities in Asia, BTI Consultants, a division of Kelly® has partnered with Society for Human Resource Management (SHRM) to offer this program, which aims to enhance the practitioners in the region to develop competencies in line with international standards. They provide essential prerequisite knowledge and skills for HR professionals to expand their generalist knowledge and to build their foundation in HR.

SHRM-CP and SHRM-SCP

Both credentials SHRM Certified Professional (SHRM-CPSM) and SHRM Senior Certified Professional (SHRM-SCPSM) were developed to validate core HR knowledge and skills in demonstrating mastery of generally accepted principles, independent of geographic region, from professionals practicing HR outside of the United States. Through demonstrated knowledge, the credentials enhance the credibility of HR professionals and the organisations they serve.

The SHRM-CP and SHRM-SCP program was launched on 5 January 2015 by SHRM after years of research to define the competencies and knowledge relevant to today's global HR professional. SHRM regards the SHRM-CP and SHRM-SCP as the new standard in certification for the HR profession. By incorporating key HR competencies into the SHRM-CP and SHRM-SCP, SHRM is enhancing the relevance of the new certifications. SHRM's new credentials demonstrate to the global business community that the credential holder has strong abilities in both aspects of HR practice competency and knowledge—that are required for effective job performance.

The new SHRM certification recognises that HR professionals are at the core of leading organisational success:

- It is built on one singular SHRM Body of Competency and Knowledge (SHRM BoCK) designed to elevate the HR profession around the world.
- It tests the HR professional's competency—the ability to put that knowledge to work through critical thinking and application.
- It demonstrates that the HR professional is a technical expert and has mastered the application of HR technical and behavioural competencies, through practice and experience to drive business results.
