

MR.MARKUS LORENZINI

Current position(s):

- President & CEO, Siemens Ltd., Thailand (Cambodia, Laos & Myanmar)
- President, German Thai Chamber of Commerce (GTCC)
- Director, Board of Trade of Thailand

Markus has a mechanical engineering background and has over 20 years of experience, mainly in the Energy and Power Generation industry. He started his career with Siemens AG in 1997 and has held various senior management positions in different countries, such as Germany, U.A.E. and Indonesia.

In 2011, Markus assumed position as CEO/Head of Energy Sector, Siemens ASEAN / ASEAN-Pacific Cluster and was based in Jakarta, where he was also active at EuroCham Indonesia as Chairman of Energy Working Group.

Markus Lorenzini came to Thailand in 2014 to take over the position of President & CEO of Siemens Limited Thailand (Myanmar & Cambodia). His expertise and extensive experience in identifying and understanding the process of building up businesses enable him to drive Siemens and its business partners towards Digitalization successfully. In the regional stage, he was one of the distinguished panelists to speak at the World Economic Forum on ASEAN 2017, held in Cambodia, on the “Digital Start-Up ASEAN” panel discussion and speak at the World Economic Forum on ASEAN 2018, held in Vietnam, on the “Designing Cities 4.0” panel discussion
