

The Next Arena for Medical Cannabis: Thailand and the World

- * International speakers, forefront of the industry
- * Go global with GMP
- * Connect with global community pioneers

May 24, 2022

at Okura Prestige Bangkok
10 AM - 7 PM

Thailand has the buzz of the newly lit cannabis industry since the legalization of its medical use and application in early 2020. - Many local and international players have entered the market, research institutes are deep diving into knowledge transfers, and the government's signal shows full-steam ahead. The next few years are pivotal towards the birth and bloom of the industry. If you are looking towards the new horizon to ride the wave of the future in healthcare, join us at the first NouFrontiers Summit!

On Tuesday 24th May 2022, we bring together global pioneers of the cannabis industry; to share best practices from Canada, the Netherlands, and beyond. Laying the ground for Thailand's future in the cannabis industry is crucial through reflection from a global perspective.

LEARN, CONNECT, AND BUILD YOUR CANNABIS BUSINESS FROM THE GROUND UP, FROM THAI SOIL TO THE WORLD.

RESERVE YOUR SUMMIT ATTENDANCE
