

NTCC BUSINESS EXCELLENCE AWARDS: THE ROAD TO NET-POSITIVE

GALA DINNER

FRIDAY 29 SEPTEMBER 2023
AT SIAM KEMPINSKI HOTEL BANGKOK

NTCC BUSINESS EXCELLENCE AWARD DINNER

The NTCC Award Dinner is back. This year, our awards will be following the world's mainstream of ESG Business Sustainability. The awards will be given to the corporates which execute and have sustainable awareness (policies) of these three areas; Environmental, Social, and Governance. The nominees will have to showcase their collective acts to our international business community as a trigger to encourage fellow companies to act responsibly, and as a good example for others to follow.

The Board of Directors of the Netherlands-Thai Chamber of Commerce is therefore honored to present the "NTCC Business Excellence Award Dinner", taking place on Friday 29 September 2023 at the Siam Kempinski Hotel Bangkok. Be a part of the largest annual event for the Dutch-Thai business community whilst supporting the Thai economy during these unprecedented times.

Your patronage as a Premium or Gold table sponsor is vital to the Chamber's overall success and directly enriches the development of our business community within Thailand and ASEAN. We are equally convinced that you will feel the award dinner setting represents an affordable manner to promote your company's brand image.

Plus, we will offer valuable networking time among members, and cherish the companionship altogether. We anticipate several key Thai government agencies to participate in our Business Excellence Award Dinner.

We look forward to sharing a wonderful evening with you on Friday, 29 September 2023!
