Business Continuity Management in Today's BPO

Anton Daniel V. Yap, MBCI, CBCP, CCP, PMP

November 2019

Contents

1. Business Continuity Trends in the BPO sector
2. Benefits of ISO22301
3. GCash: “BCP as a Service”
4. Reaction and Q&A

BUSINESS RESILIENCY TRENDS WITHIN

01

Shifting from “recovery” to “continuity” Strategies.

02

Integration between Cyber Security and Business Continuity.

DRI International | SUGPIAT DEFENSE, LLC

32 CEAPS
Cyber Resilience for the Business Continuity Professional
Get Informed and Get Ahead

DRI International
CCRP Certified

03

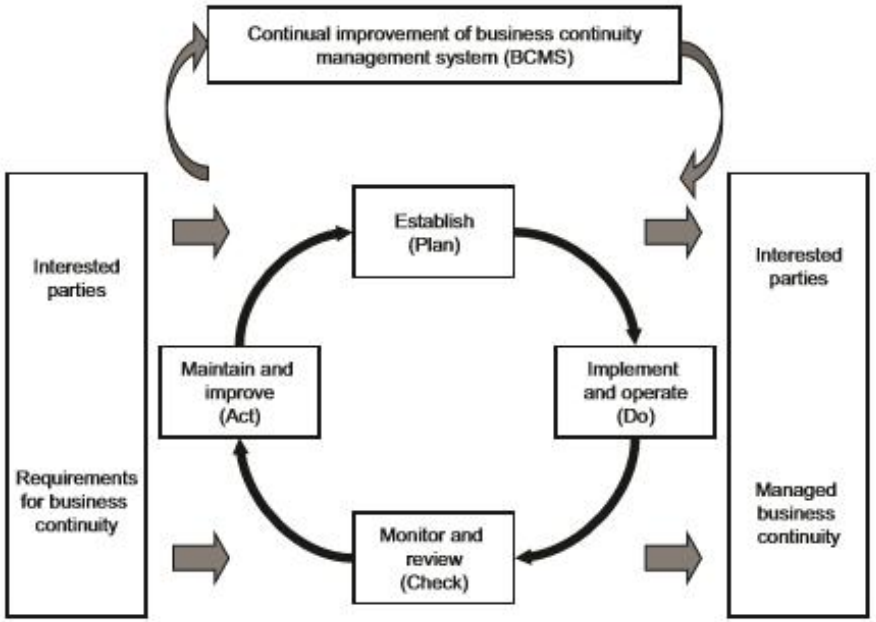
Combining Business Continuity, Physical Security and OSH into Organizational Resilience.

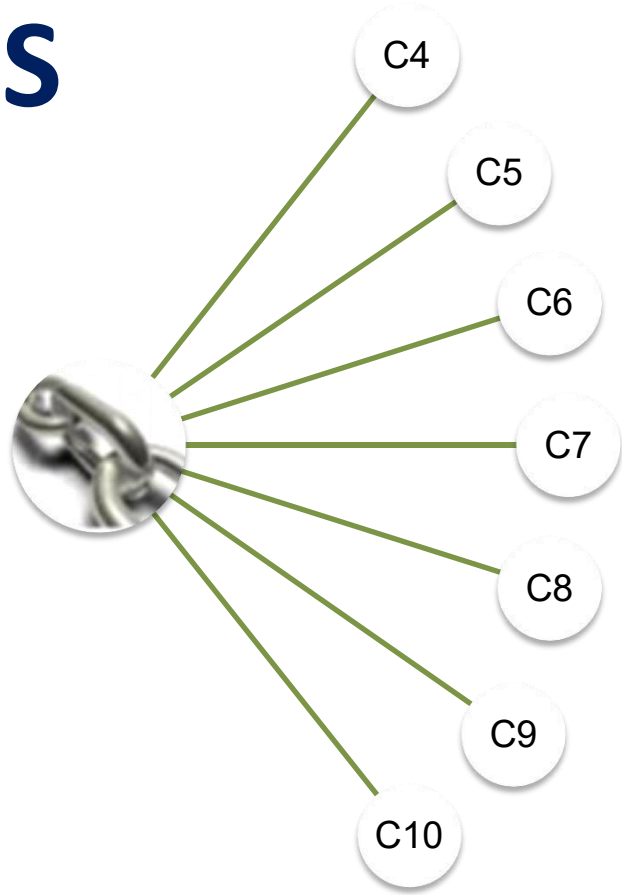
04 Private Sector Alliances on Resilience.

05

ISO22301 as a global benchmark.

ISO22301: BCMS





- Context of the Organization (Plan)
- Leadership (Plan)
- Planning (Plan)
- Support (Plan)
- Operation (Do)
- Performance Evaluation (Check)
- Improvement (Act)

Why ISO22301?

COMPLIANCE

- Comply with local laws regarding business continuity
- Meet client BCMS requirements

REDUCE DEPENDENCY ON INDIVIDUALS

- Complete documentation
- Frequency of updates/ review and approvals

MAXIMIZE QUALITY & EFFICIENCY

- Integration with other ISO standards such as QMS
- International best practice Plan-Do-Check-Act framework

MARKETING COMPETITIVE ADVANTAGES

- ISO22301 is an internationally recognized standard
- Ensure client confidence through certification
- Justification for premium prices

FLEXIBILITY DURING DISRUPTION

- BCM processes are in place
- Execute BCM strategies
- Display organizational resilience

ORGANIZATIONAL IMPROVEMENT ★

- Provides a clear understanding of your organization
- Measurement of effectiveness
- Mandatory requirements for continuous improvement

The Story of “BCM as a Service”

GCash

GCash is the leading micropayment service that transforms your mobile phone into a wallet for secure, fast, and convenient financial transactions. It transforms the way you manage your money, buy load, pay bills, shop online and more!
