Publishers of:

INTERNATIONAL AUTOMOTIVE MANUFACTURING SUMMIT 2020

The second edition of the 2-day **Summit** will bring together manufacturing professionals and expert speakers to jointly pursue the necessary developments for the entire automobile and auto-components manufacturing process chain.

It will provide attending industry professionals with valuable information on the latest technologies in automotive manufacturing as well as offer great opportunity for networking with domestic and international businesses.

The **Summit** will have keynote addresses, technology discussions, case study presentations, panel discussions, live interviews with industry leaders, manufacturing plant visit and networking meets.

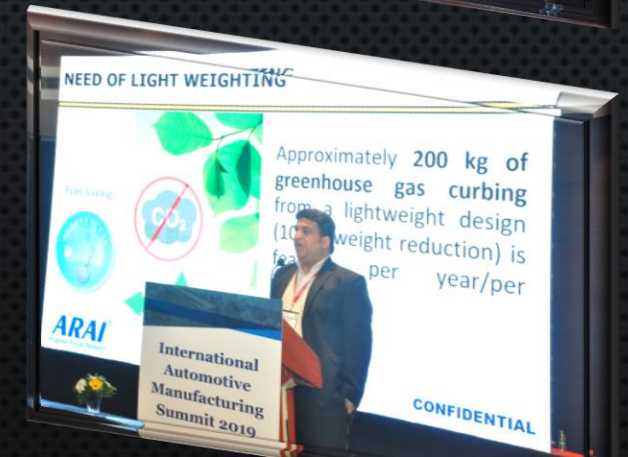

INTERNATIONAL AUTOMOTIVE MANUFACTURING SUMMIT 2020

International Automotive Manufacturing Summit serves as an annual platform to exchange ideas around the impact of market dynamics and new technologies on manufacturing operations and supply chains.

Speakers for the 2nd edition of the Summit are invited from the following companies – Honda Motorcycle and Scooter India, Hero MotoCorp, Maruti Suzuki, Ministry of Science & Technology, Dept of Heavy Industry – Govt of India, Satyam Auto Components, Hyundai India, Sandhar Technologies, JBM Group, Shriram Pistons & Rings, ARAI, Society of Electric Vehicle Manufacturers, International Centre for Automotive Technology (ICAT), Omax Auto, Honda Cars, VE Commercial Vehicles, Bosch, Mahindra Electric, Spark Minda, Lumax, Continental, etc.

The 2-day Summit will create an opportunity

- To examine on how lean manufacturing, new machining technologies, automation & robotics, digitalization, 3-D Printing, and skill upgradation can drive the manufacturing facilities to success.
- To pursue the necessary developments for the entire automotive manufacturing process chain - from materials & machines, machine tools & cutting tools, laser cutting & metal forming, welding & assembly to finished components & parts for 4-wheelers and 2-wheelers as well as electric vehicles.
- To build the road-map in achieving innovation, maximizing manufacturing profitability, optimizing plant floor operations and driving successful OEM-supplier networks for improved productivity and cost reduction across multiple automotive manufacturing facilities.

INTERNATIONAL AUTOMOTIVE MANUFACTURING SUMMIT 2020

Location: Gurgaon, Haryana, India

Haryana is among the northern most states in India and adjacent to national capital New Delhi. It is a well-developed industrial state, one of India's largest automobile hubs and accounts for two thirds of passenger cars, 50% of tractors and 60% of motorcycles manufactured in India. The state has also emerged as a base for the knowledge industry, including IT and biotechnology.

Gurgaon, the second largest city in the state of Haryana is a reflection of an ideal modern city and futuristic goals. Gurgaon, situated near the Delhi-Haryana border, about 30 km southwest of New Delhi, has the third-highest per-capita income in India, and is the site of Indian offices for half of Fortune 500 companies. Other industrial locations such as **Manesar** and **Faridabad** are at a close proximity to Gurgaon. Prominent automotive companies and their suppliers from tier-1, tier-2 companies have their production facilities in and around Gurgaon.

The delegates for the Summit will be invited not only from these companies but also companies from other regions of India.

INTERNATIONAL AUTOMOTIVE MANUFACTURING SUMMIT 2020

DELEGATES PROFILE

By Industry:

Auto parts manufacturers Tier 1, 2, 3
Automobile & 2-wheeler assemblers
Machinery, tools, & accessory manufacturers
Die & mould manufacturers
Manufacturing software service providers
Government representatives
Industry Associations experts/representatives

By Position:

Managing Director, Chief Executive Officer, President, Chief Technology Officer, Technical Director
Vice-president, General Manager, Production Head, Plant Manager, R&D Head
Purchase Manager, Design Head, QC Professional, Engineer
Marketing & Sales Head, Managers

INTERNATIONAL AUTOMOTIVE MANUFACTURING SUMMIT 2020

PARTNER/SPONSOR BENEFITS

Understand market requirements, Meet potential customers, Increase market share, Learn from competition

- Generate sales leads
- Build brand image
- Maintain customer relations
- Consolidate business relationships
- Access new and emerging markets
- Obtain competitive technical knowledge
- Leverage the event's extensive marketing campaign to add value to your organisation's marketing strategy and budget leading up to the event
- Live product demonstration to test market responses
- Facilitate quick market penetration
- Reach important focussed commercial prospects face-to-face in a targeted networking environment
- Strengthen your market position

INTERNATIONAL AUTOMOTIVE MANUFACTURING SUMMIT 2020

ABOUT THE ORGANIZERS

Ringier Trade Media

Ringier Trade Media is a leading B2B industrial information provider, offering industrial leaders in China, South-East Asia, the Middle East and Africa with the technology information, solutions and applications they need to improve their manufacturing and marketing capability through multiple media platforms that includes print, online, mobile apps and events.

For more information, visit www.industrysourcing.com

Taking advantage of powerful media resources, Ringier Conference covers the industries of plastics, food, personal care, medicine & health care, nonwovens, coatings & ink, automobile, metalworking, mould & die, packaging, composite material, and the latest technologies. Since 2003, over 20 high level conferences have been organized, bringing industry leaders together for information exchange and networking opportunities in China, and have successfully extended to South-East Asia from 2014.

For more information, visit www.ringierevents.com

Publish Industry India

Publish Industry India is a publishing house that publishes the industrial trade magazines (print & online): **EM** – the trade magazine on efficient manufacturing and **A&D India** – the trade magazine on industrial automation & drives, and organizes customer-centric events/conferences. The Company is a 100% Indian subsidiary of Publish Industry Verlag GmbH, Germany.
