## About Ringier

Shanghai Ringier Exhibition Co., Ltd. is a wholly-owned subsidiary of Ringier Industrial Media Co., Ltd. Relying on its strong media resources of the Ringier Industrial Media Group, since 2003 Ringier Exhibition has held more than 20 seminars of industrial and professional sectors for the Chinese manufacturing market each year, covering the plastics, food, personal health care, pharmaceutical and medical, non-woven, coatings and inks, automotive, metalworking, mold, packaging, composite materials, food and beverage industries. Among them, plastic technology series forums, coating series technology forums, personal care product technology seminars, functional food technology forums and other seminars have been successfully held for several editions, and gained a good reputation in the industry.

The Ringier exhibition was successfully extended to Southeast Asia in 2014. Its series of seminars cover plastic processing, metalworking, automotive manufacturing, F&B processing and packaging. These industries require high-end technological upgrades to respond to the growing domestic market and foreign trade consumers' needs export. The Ringier Seminar brings together industry experts to discuss the latest development trends and technology application solutions, and provides a high-quality platform for communication, learning and cooperation in the industrial sectors.

**2020 Plastic Processing and Recycling Innovation Summit brings you:**

Easy-to-  
recycle plastic  
and  
Biodegradable  
plastic

Advanced  
technology  
applied to plastic  
manufacturing  
and recycling

Sustainable
