With years of rich experience in the CAD/CAM/CAE/PLM industry, specialising in enterprise 3D technology, Chevy aims to empower higher productivity and profitability in enterprises through digital transformation strategies. Prior to joining the technology channel business, Chevy was a serial entrepreneur who founded companies at the channel partner (reseller) level in the 3D design, 3D printing, and 3D scanning space.

ORGANIZER OVERVIEW

Ringier Trade Media Ltd. , Ringier Events

Ringier Trade Media Ltd.

Ringier Trade Media Ltd. is a leading B2B industrial information provider, providing industrial leaders in China, Asia and the Middle East with the technical information, solutions and applications they need to improve their manufacturing and marketing capability through multiple media platforms that include print (industry trade journals), online (www.industrysourcing.com), events, digital marketing, iPad, iPhone and Android devices.

With award winning editorial content that cover 18 major manufacturing sectors such as Plastics& Rubber, Metalworking, Coatings & Ink, Household & Personal Care, Packaging, Pharmaceutical, Food & Beverage, Automotive..etc. The company has been successfully linking buyers and suppliers in China, Asia and the Middle East and the rest of the world to the mutual benefits of all parties.

Shanghai Ringier Conference & Exhibition Co., Ltd.

Taking advantage of powerful media resources, Ringier Conference covers the industries of plastics, food, personal care, medicine & health care, nonwovens, coatings & ink, automobile, metal, mold & die, package, composite material, and the latest technologies. Since 2003, we organize over 20 high level conferences bringing industry leaders together for information exchange and networking opportunities in China and successfully extend into S.E.Asia from 2014.

A series of conferences in S.E.Asia that cater specifically to industry verticals like metalworking technology, plastics processing, automotive, food beverage processing & packaging representing growth sectors in many S.E. Asia countries. These sectors require high levels of technology and upgrading to meet the growing needs of sophisticated consumers both domestically and for export markets.

Conferences organized by Ringier not only provide industry leaders with the latest technologies, but also help Greater China enterprises innovatively explore new markets. For more information, please visit www.ringierevents.com
