26	Ken Tay	Rystad Energy	AWA
27	Zaixing Wang	Schneider Electric	AWA
28	Kelvin Ong	Schneider Electric	Present
30	JUN HUI GOH	Singapore District Cooling Pte Ltd	Present
31	Keng Han Chong	Singapore District Cooling Pte Ltd	Present
33	Sei Hoe Tan	Sumitomo Mitsui Finance and Leasing	Present
34	Srinivasan Sivaraman	TIPL	Present
35	Henry Eu	Trinasolar	AWA
36	Jit Wai Chua	Trinasolar	Present
38	Hitendra Shetty	Wartsila Corporation I Energy	Present
39	Louie Dela Cruz	Yinson Green Technologies Pte Ltd	Present
40	William Low	Yinson Green Technologies Pte Ltd	Present

	Description	Action By
1.	Welcome by Secretariat, Kavita Gandhi, Executive Director, SEAS and the Energy	
	Storage System Working Group Chairman, Peter Ng	
	Kavita Gandhi (KG) opened the meeting at 3.10pm and welcomed everyone to the meeting, before introducing the first speaker of the day.	
3	Presentation by Dr. Ramprakash Kathiresan, Co-Director, Smart Grid & Power	
	Electronics Consortium, Singapore (hosted at Energy Research Institute @ NTU)	
	RK shared with the members about the latest advancements in Energy Storage (ES) & applications in Smart Grids. He covered the current ES scene and highlighted the status and current challenges in Singapore and its short, medium and long term roles or actions by Singapore in the ESS transition. Next, RK also shared the hardware	

	(interfacing) and software needs for Energy Transition, before wrapping up his	
	presentation with a brief sharing of the emerging techs for ESS in the Singapore scene.	
	Leath, DK decad his presentation with an invitation for the members to visit the	
	Lastly, RK closed his presentation with an invitation for the members to visit the	
	Energy Research Institute for any potential collaboration.	
4	Presentation by Mr Aman Ullah, Technical Sales Director- Asiapac, Narada Asia Pacific	
-	Pte Ltd	
	AU began his presentation with an introduction on Narada Group and its battery	
	products portfolio. Next, AU shared about Narada's ESS Solution Application on the	
	Grid, User and Generation sides, and added that they have a Global Installation in 45	
	countries since 2010. AU also shared a screenshot of Narada's Energy Management	
	Systems and highlighted its capabilities and the Product Safety Certification their	
	products have achieved.	
	Lastly, AU closed his presentation with some of Narada's project experiences and	
	project brief. Both AU and Chairman Peter (PN) closed the presentation by welcoming	
	the members with any ESS devices to reach out to Narada for any potential collaboration with their container solutions.	
	conaboration with their container solutions.	
5	Presentation by Cai BingYu, Kampung Architect, Ground-Up Initiative (GUI)	
	BY began his presentation with a sharing on how he relates 'Cognitive Dissonance'	
	with the social behaviours towards Climate Change. Next, he also shared about what	
	GUI is and what it does to the environment and social aspects of Singapore. GUI uses	
	back-to-basic tools and activities in the nature to allow people to connect with each	
	other and the nature, which is physically, mentally, and emotionally healing. BY also	
	shared that their goal is to collaborate and work with schools and collaborate with	
	more corporates to achieve their alignment with Singapore Green Plan and the UN's Sustainable Development Goals.	
	Lastly, BY wrapped up his presentation with an update of their upcoming move to a	
	new site in Yishun and their fund-raising campaign via Ray of Hope.	
	PN also added and shared on how Narada has contributed to and benefited from GUI	
	and hopes that the members could consider doing the same.GUI facility can also be	
	used for test bedding by SME's and start-ups who don't have access to large facilities.	

6	Update by Secretariat, Kavita Gandhi, Executive Director, SEAS	
	KG introduced and updated the members on SEAS past activities, including the recent	
	MOU Signing between SEAS members on energy imports from Indonesia at the	
	Fullerton Hotel in the presence of 3 Ministers last month. Next, KG shared about	
	another initiative that we are doing together with SGTech & Singapore Chinese	
	Chamber of Commerce & Industry (SCCCI) - Singapore Sustainability Alliance. KG added	
	that this is not an exclusive alliance, where we are looking to add more Association to	
	work together.	
	KG then shared with the members of the upcoming meetings, activities, and trainings	
	to be expected. Firstly, our next Committee meeting will be the Electric Mobility	
	meeting that will be taking place on 31 May 2023. Secondly, we have various Business	
	Mission to Dubai in May, Indonesia in June and China in Q2.	
	KG also shared the upcoming training programme that are also available on our website,	
	and Asia Clean Energy Summit will be held from 26 - 28 October. KG encouraged	
	members to reach out to us if they would like to sign up as sponsors or exhibitors. Next,	
	KG also added that the chairman of the Startup group is looking to create a Digital	
	Platform with a landscape of all the startup in Singapore and map it to the Singapore	
	Green Plan.
